Public Spirit Needed

Good roads are essential in the upbuilding of any community, and it is for the purpose of furthering this movement that the state automobile association will hold a meeting in Tonopah next Monday. Already the roads of southern Nevada are in excellent condition, and with the proper spirit backing the movement the thoroughfares can be made second to none. The approaching meeting should increase the spirit now observed in a few residents of southern Nevada and with the proper work every man, woman and child in the southern counties can be enlisted in the movement.

It should be remembered that thousands of autoists will cross the continent in the year 1914 to visit the San Francisco exposition. The majority will follow the transcontinental route. Tonopah is on this route and will receive profit from the visit of the tourists, for in nearly every case this city will be the stopping place for a night. The profits that will result can be easily estimated. Hence it behooves the business men of Tonopah to assist and encourage the automobile association in the furtherance of all plans suggested.

If the people of Tonopah have no desire to keep this city on the transcontinental map, it should be remembered that the northern counties are extremely anxious to secure the advantage now held by Nye county.

Self Respect Needed

Nevada has been the butt of the nation's jokes for the past four years, owing to the free and easy divorce laws that exist in this state. Ridicule has been heaped upon this commonwealth and a finger of scorn pointed in this direction by every state in the union. Divorces granted in the courts have not been recognized as legal by the courts of other states. The conditions have become such that bona fide residents of Reno while traveling through the east refused to register as arriving from that town.

The long sought for change will, in all probability, be granted by the next legislature. Instead of having Nevada alluded to as the divorce state of the union, the legislators appear in favor of having this state mentioned as one containing vast resources. As soon as this change is made Nevada will start forging to the front with gigantic strides. It will show that the residents of the state are not without self respect.

The last census showed that there were over 81,000 people in Nevada. Ten years ago the state boasted of half that number. At the present rate of increase the 100,000 mark will be reached within the next few years.

Hiram Johnson's claim that he had California huddled for the bull moose appears about as ridiculous as does the foreign governor now that Wilson appears to have carried that state.

Tonopah stock sales are increasing since the election. This simply goes to show that a great many people are again turning their attention to money making instead of talking politics.

Notwithstanding the many promises made as to a downward revision of the tariff it is a safe bet that the price on baby shoes will remain the same.

Judging from the arguments to be heard about the streets of Tonopah, there are some people who don't even know that the election is over.

Roosevelt has not been heard from for an entire week. Maybe he is busy packing his kit for the popular excursion up Salt river.

In the fight to the finish with Uncle Sam Jack Johnson, the world's champion, stands an excellent chance of losing the belt.

It has been conclusively proven that married men do not live longer than single men—it just seems longer.

"Who won?" continues to be the day.

"GREEN BOOK" FOR NEVADA WILL BE PUBLISHED

SECRETARY OF STATE BRODIGAN WORKING ON NOVEL IDEA FOR STATE PUBLICATION

Taking his cue from the practice in other states, Secretary of State Brodigan is planning to issue during the early part of the year a Green Book for Nevada, somewhat similar to the Blue Book of California, but hardly so extensive because there is no appropriation for the purpose while California annually appropriates from \$12,000 to \$15,000. In Nevada the expense is expected to be practically nothing. Persons who may be interested in the publication of such a semi-official document for the welfare of the state will be asked to contribute an article from each county and other material will be gleaned from histories and from official reports which will be submitted to the legislature the first of the year.

As an instance of the scope of the book, it is shown in preliminary manuscripts by tables, that the population in Nevada has increased 93.4 per cent from 42,335 to 81,875 from 1900 to 1910.

A short history of the state is given from the time it was first traversed by a white man, Father Francisco Garces, in 1775, to the present.

About 1500 copies of the Green Book will be issued.

AGREE ON COMPROMISE

ATLANTA, Ga., Nov. 13.—Indictments against the Cudahy Packing company, charging violations of the federal act governing the sale of oleomargarine have been nolle prossed. The government and the Cudahy company agreed upon a compromise, it was announced yesterday. The indictment contained 273 counts.

TONOPAH DRUGGIST DESERVES PRAISE

The Tonopah Drug Co., deserves praise from Tonopah people for introducing here the simple buckthorn bark and glycerine mixture, known as Adler's-ka. This simple German remedy first became famous by curing appendicitis and it has now been discovered that A SINGLE DOSE removes sour stomach, gas on the stomach and constipation INSTANTLY.

If it's of exceptional value at the price, it's sure to be advertised in the Bonanza, else the merchant would be hopelessly unprogressive.

SHERMAN'S WILL ADMITTED

UTICA, N. Y., Nov. 13.—The will of Vice President Sherman was admitted to probate here yesterday. The document is very short, is in Mr. Sherman's handwriting and bears date of April 23, 1887. After the usual preamble, he named as his executor his widow, Carrie Babcock Sherman, and willed all of his estate to her. In her petition she declared the estate to be of value "exceeding \$10,000." Sherman was credited with being one of the wealthiest men in this locality.
